TURBO KIT

CCTK01 Autobahn88 Complete Turbo Kit – Lancer Evolution 7 8 9

Autobahn88 is pleased to offer a true bolt-on upgrade turbo kit for Lancer Evolution. No modification is needed to install this kit and you will get instant power gain immediately. Offer unparallel drivability, reliability and street performance with the spool very similar to stock turbo, just around 500rpm later than stock.

- Autobahn88 8843UR Turbocharger OR Autobahn88 TD06
- Hand welded SUS-304 Stainless Steel polished Exhaust manifold
- Hand welded SUS-304 Stainless Steel polished Turbo Outlet
- 40mm Wastegate with outlet pipe to the ground.
- Complete customized Intercooler Piping Kit with Tube Fin Intercooler Unit
- Aluminum Suction Pipe Kit with power flow unit.
- Complete Installation manual

The Exhaust Manifold is designed to maximize the power of the turbocharger. Together with the hand welded turbo outlet, which can bolt on to stock or aftermarket downpipe provide flexibility on the choice of downpipe on the market. The Wategate with outlet pipe to the ground , is designed for high rpm extreme exhaust screaming – This is truly representing the real power deliver!

What is more ! 4 x 680cc injector and 255l/h fuel pump is highly recommended to match the change in the consumption of fuel. This setup is compatible to stock ECU and make direct bolt-on possible.

All in all, On the dyno, with all above installed plus in/ex 272/272 camshafts set with camshaft degreed, it's pulling around 450hp@28psi on stock block.
